

VACCINATION & TRANSPORT CERTIFICATE

Health Act 1981; Welfare of Animals during Transport Order 1993

Any person entering birds must sign this certificate to certify that:

- he/she is the owner of the birds entered
- the birds have been vaccinated against paramyxovirus with a vaccine approved for the purpose under the Medicines Act 1968

This certificate must:

- accompany the birds throughout their journey
- be retained for at least 6 months after the journey has been completed
- be produced at the request of an inspector
